Singapore has a rich history of successfully hosting major international events and we are proud to continue this tradition for Singapore 2025. The event's theme, "Water Shapes Us", encapsulates Singapore's relationship with water and its significance in Singapore's development and identity as a nation. Our facilities have hosted several world-class events such as Swimming World Cups, six editions of FINA Diving Grand Prix (2014 – 2019) and the 2019 FINA Water Polo Challenger Cup. Our organising committee has been working hard to ensure that athletes will be able to compete in an environment made for performance, while forging new friendships.

As we embrace the theme "Water Shapes Us," we recognise water's powerful role as a unifying force. Symbolically, water connects us all, representing life, renewal, and movement. In sports, it challenges us to harness its energy and adapt to its ever-changing nature, much like life's own journey. This shared experience fosters unity and mutual respect among participants and spectators, celebrating the diversity and camaraderie of our global community.

To all competitors, we wish you the very best in your events. Your commitment and talent inspire us all. We look forward to witnessing many personal bests and new records.

We extend our heartfelt gratitude to our partners, whose unwavering support has been crucial in bringing the event to life. We are grateful to World Aquatics for working closely with our Singapore 2025 Organising Committee to make this Masters Championships possible.
